To Whom It May Concern,

I recently learned that you are trying to outlaw Uber in SC. I am not sure if you have taken a regular cab recently, but the experience is not to be desired. I, as well as many of my friends, feel much safer calling on Uber, which in turn keeps your street safer from drunk drivers.

I just moved here from Atlanta where I used Uber all the time. I also went to San Francisco where Uber originated, and people were using it in abundance. I feel that SC would be ignorant to discontinue this service. Taxi's, like every other business out there, should have competition to make sure they offer the best service they can.

Thank you,

Meghan Hesley

**Subject:** Uber

Uber is a very reliable and safe source for getting rides home after having too many drinks or getting to the airport. When I book a ride with uber I get to see a picture of who is picking me up I don't have to just get in a vehicle with some stranger. Placing a ban would be detrimental to the Palmetto State

**Subject:** Uber in SC

I am an uber driver here in SC and I provide safe, reliable transportation to many people. I treat them as well as I treat my own family because I provide the rider a safe way to get to their destination. I would not like a drunk driver to get behind the wheel of a car and possibly get into an accident because we are not able to pick them up when called upon.

Please reconsider the actions/repercussions this could create if this service is discontinued.

Thank you

SC needs Uber. I have used Uber in NYC and I'll never go back to cabs.
